Yuanda Road
Beijing,
People's Rep of China

Dear Boyuan,

Congratulations! Based on the recommendation of the Computer Science, SCM program, your admission to the Graduate School beginning Fall 2021 has been approved.

Graduate studies are an exciting and significant undertaking, and Brown University is an excellent place to develop expertise. In addition to having the facilities and resources of an Ivy League university, you have the opportunity to expand your knowledge in a highly stimulating environment with outstanding researchers and scholars.

While this letter spells out some of the details of admission, you may have some additional questions. For academic matters, please feel free to contact the Director of Graduate Studies in the program. For financial matters review the [tuition and fee information](#) (2021-2022 rates will be available late February) on the Graduate School website as well as the number of courses expected each semester in your master's program to calculate your anticipated tuition costs. Please note this does not include mandatory fees, health insurance or personal living expenses (rent, food, books, supplies, transportation). For more information, and to access a cost-of-attendance calculator, please access the graduate student pages of the [Office of Financial Aid website](#).

Graduate students who are not U.S. citizens or permanent resident of the United States are required to document their ability to meet all anticipated expenses for the academic year. Proof of ability to meet all costs is best provided in the form of bank certificate that indicates the current availability of the required amount in U.S. currency or funds easily convertible to U.S. dollars. You will receive emailed instructions on how to send this information once you have accepted our admission offer. The adequacy of your financial arrangements is subject to reviews by University authorities, and by the U.S. consulate at the time of your visa application. When satisfactory certification is presented, the appropriate entry form (I-20 or DS-2019) will be issued to you. If applicable, support for your spouse and children will likely add \$5,000 for each person to your annual expenses. Health insurance is required for all Brown students and may be purchased from the University; extra coverage is available at additional cost for any spouse and/or children.

Graduate students who are U.S. citizens or permanent residents may be eligible to borrow through the Federal Direct Loan Program (including Stafford and Graduate PLUS loans). The University has an installment payment plan (allowing for billed costs to be spread out over time), a student employment database (provided your program does not restrict you from working), and links to outside fellowship/scholarship resources.

On or before April 15, 2021, please inform us of your decision concerning our offer of admission. To do so, complete the electronic response form on your activity page. Please note that a non-refundable deposit of \$500 USD (via credit card) is required at the time of submitting your acceptance to this program. The deposit will be posted to your student account toward tuition and fees.

I congratulate you and hope you will choose to join us here at Brown University.

Sincerely,

A handwritten signature in black ink, appearing to read "Andrew G. Campbell". The signature is fluid and cursive, with the first name "Andrew" being the most prominent part.

Andrew G. Campbell
Dean of the Graduate School
Professor of Medical Science
